6) The proposals of the Govt relate to the increase of pay to the Special Reserve Police and the increase of the force with proposed enhanced pay.

7) The grounds urged for the increase of pay are reported to be the same as those urged in favour of the increase of pay to the ordinary Constabulary.

8) But with regard to the increase of the force, the Govt report that the present unusual recent state of General calls on the Special Reserve Force, that the strength is insufficient would have been better if the Govt had furnished some more definite information and details as to the number of constables deputed for special duty and the number available for occasional emergency. In the absence of details, it is rather difficult to scrutinise in detail the increase in the strength proposed.

9) Considering the present situation generally, it may be noted that some increase in the strength is necessary to meet the possible extra demand that may be made; but such increase must only be temporary and as soon as the necessity for the same ceases, the increase additional Constables must be disbanded

10) The question of General increase cannot

18) The other increases in the Existing Establishment are also moderate & if the administrative Branch considers them necessary, there can be no financial objn.

19) With regard to the increase in strength proposed, however, ~~Except~~ reasons have not been given for considering the present strength insufficient. As the force is generally without regular work all the year round, and is required for only special occasions, it would be inexpedient to increase the strength ~~unless~~ until the necessity is clearly made out. There is an impression in some quarters that even the Existing force has not got enough work and a permanent increase cannot therefore be agreed to. As suggested by the Administration Branch, for extra temporary work only temporary additions should be made.

2. The proposition involves no increase to the present strength of the force but is to raise the pay of the Subedars and Naiks from Rs. 20-1-25 and Rs. 11 to Rs. 25-1-30 and Rs. 13 respectively and to create two grades of Havildars on Rs. 16-1-18 and Rs. 14-1-16 and four grades of constables on Rs. 12, 11, 10, and Rs. 9/- in lieu of the present grades of Rs. 12--1--16 of Havildars and of Rs. 10 and Rs. 9 of constables respectively. The pay of scavengers is proposed to be raised by one rupee, and a like increase is proposed to the monthly contingent expenditure of the Force.

3. The financial effect of the proposition is an addition of Rs. 203 1/15 per month or Rs. 2,436¼ per annum to the permanent recurring expenditure of the State. Through the Comptroller to the Government of Mysore.

Sir,

Adverting to Government Proceedings No. J. 1085-94/Police 256-12-5 dated the 25th September 1913, passing Orders regarding the much needed revision of certain branches of the Police Depart-ment, I have the honor to state that in consonance with the then existing state of circumstances, the equally necessary revision of the Provincial Special Reserve Police Force had been reserved, along with a few other subjects of importance, for a more opportun time. Vide my Memorandum dated the 9th July 1913, quoted in the said Proceedings.

2. In view of the present exigencies of the times, however, I find it absolutely impossible to defer the revision of the said Provincial Special Reserve Force any longer. For the same reasons set forth in urging the increase of pay to the City and the District Constabulary, and even on much weightier considera-tions now, a small increase of pay, as detailed in the accompany-ing proposition statement is indispensable to the members of this Force.

3.

(20

3. Prior to the revision of the scale of pay of the General Police Force, when there were 3 classes of the City Constabulary on Rs. 7, 8 and 9 respectively, the scale of pay fixed for the Provincial Special Reserve Force was Rs. 9 and 10, providing a higher rate of pay to its men, for obvious reasons of the specially onerous and arduous nature of the duties entailed on them. With the same object in view, the same difference of level, in pay, has to be maintained to prevent undue falling off by good and well trained men, as much to facilitate recruitment and attract the right class of men to the Force. But to minimise as much as possible the extra cost involved by the revision, and to make the flow of promotion more even than hitherto, I propose to have in this Force also, in lieu of the present two classes, four classes of constables on Rs. 9,10, 11 and 12 respectively.

4. As regards the petty officers--Naicks, Havildars and Subedars--, it is necessary to enhance their pay too, not only to maintain a proper distance between them and the constables, but also on far more substantial and stronger grounds.

5. An increment of a rupee to each of the scavengers attached to the Lines which are increasing, and a rupee for contingencies have also been provided, which call for no special remark.

6. The net increase involved by this revision is a small sum of Rs. 204/- per mensem, or Rs. 2,448/- per annum, which I submit is hardly excessive, considering the importance and the necessity of maintaining this special Force at its full strength and high level of efficiency, especially at the present juncture, the extra cost being met from the provision made for improvements of the several Departments in the State.

7. The matter being most pressing and urgent, I request that

you

you may be so good as to obtain the very early sanction of Government to these proposals.

I have the honor to be,

Sir,

Your most obedient servant,

Inspector General of Police.

Sir,

I have the honor to state that the Special Reserve Police Force, started in the year 1890, was reorganized in 1905, since when there have been no additions thereto, though the times and circumstances have so vastly changed. The object of maintaining such a force, well equipped for the onerous duties and responsible functions devolving upon them has been clearly explained in the communications made on the subject by the late Mr. L. Rickets and Mr. F. E. C. Carr.

2. Latterly, we have been passing through more anxious times, with frequent and several calls on this Special Reserve Force, all of which it has not been possible to respond to, owing to the insufficient strength thereof. The present events happening around us have greatly added to our responsibilities to keep the peace and maintain order, and have accentuated the emergent necessity to augment the Force.

3. Owing also to the small pay offered to the subordinate officers and men of this Force, recruitment has been very difficult, more so at present with such large demands elsewhere, and it is

(24

therefore found imperative to provide for them a better scale of pay than hitherto. On this subject, I have already submitted a separate reference*, as far as the existing staff is concerned, the net increase on account of the revision of their grades, pay, &c., amounting to Rs. 2,448/- per annum.

4. In these circumstances, to be prepared against contingency, I beg to propose increasing this Provincial Special Reserve Police Force to the marginally noted strength, with the same scale of pay as mentioned in my letter referred to above, and request that you may be so good as to obtain the early sanction of Govern - ment thereto, the increase in cost owing to such aug - mentation being Rs. 10, 317/-per annum, as per proposi- tion statement herewith submitted, which may be met from the funds alloted for the general improvements of the several Departments.

SIR,

In continuation of this office letter No. 4001/B.R. 583 dated 26th November 1914 forwarding a proposition statement received from the Inspector-General of Police for the revision of the pay of the Provincial Special Reserve Police Force with no addition to the present strength, I have now the honour to forward herewith duly verified a revised proposition statement* for the revision of the strength of the same Force, with the increased scale of pay as already proposed, received with his covering letter No. 2531/29J dated 19th December 1914 addressed to you by the Inspector-General.

2. The proposed addition to the present sanctioned strength consists of one Subedar, two Havildars, one Naik and 67 Constables. The financial effect of the present proposition, if sanctioned, is an increase to the permanent recurring expenditure of the State of Rs. 1,062-51/480 per month or Rs. 12,745 11/40 per year, including a sum of Rs. 97-3-10 required annually for the clothing of the additional Force proposed as explained in* Statement B. 3. In para 4 of the Inspector General's letter he has suggested that the excess expenditure involved during the current year may be met from the funds allotted for the general improvements of the several departments. As no lump sum provision is made in the current year's budget, the Inspector-General of Police has been asked to point out specific provision in the budget of his department and on receipt of a reply from him, a separate communication will be addressed to Government.

To

Offg. Secretary to the Government of
H. H. the Maharaja of Mysore,
General and Revenue Departments.

Sir,

I have the honor to state that the Special Reserve Police Force, started in the year 1890, was reorganized in 1905, since when there have been no additions thereto, though the times and circumstances have so vastly changed. The object of maintaining such a force, well equipped for the onerous duties and responsible functions devolving upon them has been clearly explained in the communications made on the subject by the late Mr. L. Rickets and Mr. F. E. C. Carr.

2. Latterly, we have been passing through more anxious times, with frequent and several calls on this Special Reserve Force, all of which it has not been possible to respond to, owing to the insufficient strength thereof. The present events happening around us have greatly added to our responsibilities to keep the peace and maintain order, and have accentuated the emergent necessity to augment the Force.

3. Owing also to the small pay offered to the subordinate officers and men of this Force, recruitment has been very difficult, more so at present with such large demands elsewhere, and it is

therefore found imperative to provide for them a better scale of pay than hitherto. On this subject, I have already submitted a separate reference, as far as the existing staff is concerned, the net increase on account of the revision of their grades, pay, &c., amounting to Rs. 2,448/- per annum.

4. In these circumstances, to be prepared against contingency, I beg to propose increasing this Provincial Special Reserve Police Force to the marginally noted strength, with the same scale of pay as mentioned in my letter referred to above, and request that you may be so good as to obtain the early sanction of Govern - ment thereto, the increase in cost owing to such aug - mentation being Rs. 10, 317/- per annum, as per proposi- tion statement (marked A) herewith submitted, which may be met from the funds alloted for the general improvements of the several Departments.

I have the honor to be,

Sir,

Your most obedient servant,

Sd/ Kathiravelupillai

Inspector General of Police

P.S. The Comptroller points out since the scale proposed in my letter No.1960/203 dated 10th November 1914 has not yet been sanctioned by Government the present scale as now in existence should be noted in the proposition statement. I accordingly herewith submit another proposi- tion statement B, which shows Rs.12,765/-, as the extra cost involved, of which Rs.2,448/- is the increase which has perforce to be sanctioned for the existing staff, and Rs.10,317/- for the extra precautionary force contemplated.

A., F.R.A.S., etc., Comptroller to the Government of His Highness the Maharaja of Mysore, to D. M. Narasinga Rao, Esq., B. A., B.L., Offg. Secretary to the Government of Mysore, General and Revenue Departments.

I have the honour to forward herewith, duly verified, a proposition statement in duplicate for the revision of the pay of the Provincial Reserve Police Force with its covering letter No. 1960—203, dated 10th November 1914, addressed to you by the Inspector-General of Police.

2. The proposition involves no increase to the present strength of the force, but is to raise the pay of the Subedars and Naiks from Rs. 20—1—25 and Rs. 11 to Rs. 25—1—30 and Rs. 13, respectively, and to create two grades of Havildars on Rs. 16—1—18 and Rs. 14 —1—16 and four grades of constables on Rs. 12, 11, 10 and Rs. 9 in lieu of the present grades of Rs. 12—1—16 of Havildars and of Rs. 10 and Rs. 9 of constables, respectively. The pay of scavengers is proposed to be raised by one rupee, and a like increase is proposed to the monthly contingent expenditure of the Force.

No. 1960—203, dated Bangalore, 10th November 1914, from Diwan Bahadur C. Srikantesvara Aiyar, B.A., B.L., Inspector-General of Police in Mysore, to D. M. Narasinga Rao, Esq., B.A., B.L. Offg. Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, through the Comptroller to the Government of Mysore.

Adverting to Government Proceedings No. J. 1085-94—Police 256-12-5, dated the 25th September 1913, passing orders regarding the much needed revision of certain branches of the Police Department, I have the honor to state that in consonance with the then existing state of circumstances, the equally necessary revision of the Provincial Special Reserve Police Force had been reserved, along with a few other subjects of importance, for a more opportune time *vide* my Memorandum dated the 9th July 1913, quoted in the said Proceedings.

2. In view of the present exigencies of the times, however, I find it absolutely impossible to defer the revision of the said Provincial Special Reserve Force any longer. For the same reasons set forth in urging the increase of pay to the City and the District Constabulary, and even on much weightier considerations now, a small increase of pay, as detailed in the accompanying proposition statement is indispensable to the members of this Force.

3. Prior to the revision of the scale of pay of the General Police Force, when there were three classes of the City Constabulary on Rs. 7, 8 and 9, respectively, the scale of pay fixed for the Provincial Special Reserve Force was Rs. 9 and 10, providing a higher rate of pay to its men, for obvious reasons of the specially onerous and arduous nature of the duties entailed on them. With the same object in view, the same difference of level, in pay, has to be maintained to prevent undue falling off by good and well trained men, as much to facilitate recruitment and attract the right class of men to the Force. But to minimise as much as possible the extra cost involved by the revision, and to make the flow of promotion more even than hitherto, I propose to have in this Force also, in lieu of the present two classes, four classes of constables on Rs. 9, 10, 11 and 12 respectively.

4. As regards the petty officers Naicks, Havildars and Subedars, it is necessary to enhance their pay too, not only to maintain a proper distance between them and the constables, but also on far more substantial and stronger grounds.

5. An increment of a rupee to each of the scavengers attached to the Lines which are increasing, and a rupee for contingencies have also been provided, which call for no special remark.

6. The net increase involved by this revision is a small sum of Rs. 204 per mensem, or Rs. 2,448 per annum, which I submit is hardly excessive, considering the importance and the necessity of maintaining this special Force at its full strength and high level of efficiency, especially at the present juncture, the extra cost being met from the provision made for improvements of the several departments in the State.

7. The matter being most pressing and urgent, I request that you may be so good as to obtain the very early sanction of Government to these proposals.
